

Christopher Rangel

PRODUCT DESIGNER & SERVICE DESIGNER

christopherrangelux-dev.github.io/Portfolio · christopherrangelUX@gmail.com · LinkedIn

PROFESSIONAL SUMMARY

Product & Service Designer with a track record of owning complex initiatives end-to-end — from architecting AI-agent developer tooling (MCP) to scaling enterprise Design Systems for 1,000+ partners. Drove self-service adoption from 53% to 96% and cut platform technical debt by ~25%, while using AI-assisted research synthesis to compress research-to-PRD timelines to under 14 days. Trusted to align cross-functional stakeholders and secure \$50K+ in program investment for foundational design initiatives.

WORK EXPERIENCE

Product Designer — Developer Experiences

August 2024 – Present

Capital One · Richmond, VA

- Architected a scalable metadata framework and Information Architecture (IA) for AI-agent server registration (MCP – Model Context Protocol), ensuring seamless discovery for LLM-based tools.
- Owned end-to-end design of the self-service credential and approval workflow for API, App, and Entitlement management — ensuring 100% owner attribution and scaling self-service completion from 53% to 96%.
- Drove platform-wide API governance, reducing dormant/inactive endpoints by ~25% (11,000 → ~8,000) and cutting manual support tickets by 25% via self-service UI configurations.
- Led research for API Coaches to reduce asset cycle time by 10%, accelerating Time-to-Market.
- Leveraged AI-assisted workflows to synthesize technical stakeholder research into finalized PRDs and proof-of-concept prototypes within 14 days, validating complex backend logic ahead of engineering handoff.

Service Designer — Research and Design Ops

August 2023 – August 2024

Capital One · Richmond, VA

- Launched and scaled the enterprise XD Design System (design tokens, UI patterns, WCAG accessibility documentation), reaching 1,000+ viewers within two weeks and growing to 54 new contributions within 3 months.
- Facilitated enterprise-wide HCD workshops for 1,000+ Product and Tech partners, embedding Design within the Product Development Lifecycle and increasing cross-functional partnership maturity.
- Led a Service Design audit through Capital One's Pro Bono program — conducting end-to-end research and stakeholder communication that secured a \$50,000 grant for Olaiya's Cradle.
- Mentored design interns, driving ~80% program satisfaction and an ~85% conversion rate into returning associates.
- Provided consulting strategy services to the Design Development Program, increasing NPS by 103% and lifting program satisfaction to ~70%.

UX Designer

2022 – Present

Freelance / Consulting · Remote

- Designed and launched a B2B website that secured corporate rental leasing business for a client.
- Provide informal design consulting and mentorship — offering strategic design guidance and answering industry questions for aspiring and junior designers who reach out.

Academic Instructor

2019 – 2023

University of California, Riverside · Riverside, CA

- Co-led a department-wide certificate program (one of two instructors) for adult learners pursuing a specialized teaching certificate.
- Coached 80+ adult learners in specialized instruction, indirectly impacting +60,000 K–12 students across four school districts through trained educators.
- Iterated course content and delivery based on continuous learner feedback, securing renewed district contracts.
- Produced comprehensive program deliverables — participant guides, course outlines, and Information Architecture — ensuring scalable, effective content delivery.

Elementary School Lead Teacher

2017 – 2023

Riverside Unified School District · Riverside, CA

- Redesigned learning experiences and user flows that grew reading proficiency from below-grade-level baselines to 2nd-grade proficiency or higher within a single school year.
- Closed a significant math achievement deficit, growing proficiency from below-grade-level baselines to 1st-grade-level or higher through technology-integrated instruction.
- Integrated assessments with Google for Education to increase data collection and response efficiency by 100%.
- Designed accessible curriculum and adaptive content to meet the diverse needs of students, facilitating an average student development increase of 9 months.

VOLUNTEER EXPERIENCE

Design Lead

September 2024 – December 2024

Sasha Bruce Youthwork · Washington, D.C.

- Led a team of 6 designers in a Service Design audit of the Independent Living Program, delivering longevity recommendations for continued service delivery.

Service Designer

February 2024 – May 2024

Sasha Bruce Youthwork · Washington, D.C.

- Conducted a Service Design audit for Olaiya's Cradle through Capital One's Pro Bono program, delivering findings and recommendations that directly informed program funding decisions.

TECHNICAL PROFICIENCIES & TOOLING

Design & Strategy: Information Architecture for APIs/Platforms, Service Design Blueprinting, Design Systems & WCAG Accessibility, HCD Research & Workshop Facilitation

Technical & Code: HTML, CSS, JavaScript, TypeScript, React, Astro, Vite, Tailwind CSS, Terminal/CLI, GitHub (Version Control, GitHub Actions/CI-CD)

Design Systems & Component Architecture: Token-based design systems, Radix UI, shadcn/ui, component variant architecture (CVA), automated component registries

AI Tooling: Claude (incl. Claude Code + Figma MCP workflows), Gemini & Gems, AI-assisted research synthesis and rapid prototyping (research-to-PRD/POC workflows)

EDUCATION & CERTIFICATIONS

Responsive Web Design Certification

Master's of Education in General Education

Bachelor of Arts in Liberal Studies

Interaction Design Foundation

University of California, Riverside

University of California, Riverside
